*Data for this table were derived from the folic acid questions pertaining to consumption of multivitamins and folic acid supplements.

#Use caution in interpreting data for total respondents less than 50. N = Cell Size, NH = Non-Hispanic, %

= Percentage, C.I.(95%) = Confidence Interval (at 95 percent probability level).

Percentages are weighted to population characteristics.

Unless stated differently above, Missing, 'Don't know', and Refused responses are excluded.
